

Newsletter

Editorial

At the AGM last month a number of things were discussed, the outcome is as follows:

Membership & weekly subs – Yearly membership remains at £10 and is due by the end of February.

Weekly/Monthly payments (as from February) are:

Members Weekly	= £3
Non-members Weekly	= £4
Members Monthly	= £10

GCN Membership – We will look into getting Gaming Club Network membership, this will be done sometime this year, once we know our finances can deal with the cost of the insurance.

Website – If you have any ideas for the website either e-mail the club or simply drop by the forums & leave your message in the appropriate section.

Till next month

J

Monthly Club Run Game

February: *Warmachine: Valley of the Forges*

The arms race continues. *Steve* is still running this campaign that began in the January and continues through to the end of February.

Upcoming Games/Events:

Saturday March 19th: *Shoot Out at Ponders End*

On Saturday 19th March the club will be hosting a 'Legends of the Old West' campaign day. For a mere few dollars more (well £10 and £5 for club members) you can spend a day on the range and in the town of 'One Tree Hill' ridding the area of undesirables (like anyone but your posse).

All the scenery will be provided and there will be spare posses to 'hire' and even buy. There will be a wargame bring and buy and refreshments available throughout the day.

In one lone corner of the hall there will be a mini Stargate SG-1 campaign using the LOTOW Stargate conversion used at the club.

March: *MechWarrior: Clear & Present Danger Campaign.*

I will be running a MechWarrior campaign in March using the new Age of Destruction rules that are out now to buy if you want mini's or you can download them from the official website if you just want the new set & not the models.

April: *Pulp Heroes*

Shaun will run a 1920's inspired campaign set in an alternate universe where America has suffered a cataclysmic event and is now under attack from all sides.

It now looks like we will be using a version of the Legends of the Old West rules-set similar to the one we're using to play Stargate games at the moment.

May-July: *40k & Blood Bowl*

Over these 3 months the intention is to run a Blood Bowl & Warhammer 40k leagues.

The 1st 2 weeks of each month would be dedicated to Blood Bowl, with the second 2 weeks focusing on 40k.

Games TBC: *Call of Cthulu RPG*

The Army of Forgotten Souls

This is a Call of Cthulu scenario, for up to six players, if you would like to play just speak to *George* at the club or post on the forum.

Final Words:
