Monthly Club Run Game

September/October: *Realms of Chaos: Lost to Darkness Campaign / Warmachine*

Well, the warbands have all been rolled up and work has begun on creating the monstrosities that will be fighting it out of the Realm of Chaos in the near future.

For anyone interested in keeping track of how we all do in the campaign & on the whole modeling/painting side of things, then Rob has put a very nice website together, go check it out at:

www.scrollmaster.net/losttodarkness

Every other week during the 2-month run Aaron will be running Warmachine battles down at the club, so if you are interested then see him for details.

Upcoming Games/Events:

November: *Warhammer Quest*

Shadoblade returns to the club & he's bringing Warhammer Quest with him.

Keep your eyes on the forums for more information

December: *Blood Bowl*

Aaron will be running a set of games over the Christmas month including an All-Star game.

Old and new teams are welcome.

To Be Confirmed

Warhammer Fantasy Roleplay:

To be run by me (*undead_jon*) at some point early next year, timing will depend on how much of the rules I can get read in the time available.

The current plan is that I want to run the new epic campaign that is being released, however nothing is definite yet and I'll be making inquiries around the club & the forums soon.
